Algon University Graduate Studies

Master of Science in Biology

Enrolling in graduate studies in biology at one of Canada’s fastest-growing universities provides you with the opportunity to integrate original research with invaluable science communications expertise and cross-cultural learning.

Through this thesis-based program, you’ll work with world-renowned researchers and faculty members, contributing to cutting-edge biology research and scholarship, on projects ranging from fish ecology, bird communication, plant genetics to plant community ecology and invasive species in Northern Ontario, and many others. Our intimate learning environment ensures close collaborations with faculty and peers, as well as cross-disciplinary teams.

Algon University’s Special Mission of cross-cultural learning infuses every aspect of campus life and every academic program, including Biology. Weaving Indigenous and Western knowledge together, Algon University creates a one-of-a-kind graduate teaching and learning experience that equips you with valuable, life-long collaboration and leadership skills. Study at our Sault Ste. Marie campus in beautiful Northern Ontario.

This Computer Science Master’s program at one of Canada’s fastest growing universities is designed to accelerate your career options in high-demand fields including applied artificial intelligence, cybersecurity, software development, and data analytics.

Algoma University’s course-based Master of Computer Science is for Bachelor degree graduates in computer science, information technology (IT) and related areas. Our graduate studies enable you to develop deep expertise in software engineering, cybersecurity, software systems, data analytics, artificial intelligence and IT based on industry-driven market requirements.

The program will bring today’s technology issues to life in tangible ways that may also integrate scientific, cultural and social justice insights. Algoma University’s special mission of cross-cultural exchange infuses every aspect of campus life. Weaving Indigenous and Western knowledge together, Algoma University creates a one-of-a-kind graduate teaching and learning experience that equips you with valuable, life-long collaboration and leadership skills. Study at either our Sault Ste. Marie campus in beautiful Northern Ontario or our urban campus in the heart of downtown Brampton, close to Toronto.

Sault Ste. Marie at a Glance
- Relaxing, safe and welcoming community of 73,000 residents
- Access to Canada’s beautiful, natural landscapes
- Affordable cost of living – rent, transportation, and entertainment
- Established regional industries in Advanced Manufacturing, Lottery & Gaming, the Digital Economy, Aviation/Aerospace and Renewable Energy/Clean Tech

Brampton at a Glance
- A lively community of 900,000 residents forming part of the Greater Toronto Area
- Surrounding the campus, the downtown offers access to City/GTA transit, and is all within walking distance
- Home to over 1,500 businesses and services
- Great restaurants, arts, entertainment, parks and culture
- Home to national and international corporate headquarters including Chrysler, Coca-Cola, Clorox and Brita

"Over the course of the past seven months, I have been fortunate enough to have experienced a wealth of opportunities thanks to AU. The professors have proven to be an invaluable resource, providing me with unwavering support and encouragement as I have endeavored to expand my horizons and explore new areas of interest. By working alongside a variety of different organizations, I have also had the chance to develop my teamwork skills and hone my professional abilities in a number of key areas. Throughout this journey, I have been struck by the unfailing patience and kindness displayed by everyone at AU, and I feel deeply grateful for the experience as a whole. In my opinion, AU has truly set the standard for what a university experience should be, and I am honored to have been a part of it and the culture attached to it."

Somya Patel
Bachelor of Business Administration
1st Year Student

"I’ve always loved to create things. With the world evolving and relying more on computers to accomplish certain tasks, I want to make the most difference while I still love what I do. I’ve always been fascinated by logical challenges. By studying Computer Science at Algoma University, it showed me that the more I learn, the more I learn with new technologies coming out rapidly, this gives me more opportunities to explore more challenges, and at the same time, make the use of those technologies better. Being at Algoma University Bachelor’s in Computer Science program helped to analyze, develop and design the code it also helps to develop communication, time management, teamwork and attention to detail. As an international student at Algoma University, they help me to meet new culture and friendly diversity."

Jill Patel
Bachelor of Computer Science
2nd Year Student

"Hey, I’m Roseanne, currently pursuing a BSc degree with a specialization in Computer Science at Algoma University. With a passion for innovation and a keen interest in understanding the tech industry, I’ve chosen this program to equip myself with the knowledge and skills necessary to excel in that world. As per my experience, interacting with professors has offered me guidance, support, and industry insights. Collaborating with my peers has enriched my learning through diverse perspectives. The classroom emphasizes participation and discussions. Social events have provided me with networking opportunities which has altogether helped me maintain a balanced university experience. The university staff has been extremely helpful and supportive with me. Everytime I have had questions to ask or experiences to share, there’s always an authorised person to listen and answer. This has helped me be more comfortable in the premises and has made me more confident."

Roseanne Antar
Bachelor of Computer Science
4th Year Student
WHAT MAKES US DIFFERENT IS YOU.

The unique life experiences you bring to campus are an essential part of the Algoma difference. Learning is personal here. But the impact is mutual. We can’t wait to learn from you, and with you, because there’s so much more we can achieve, together.

Why Algoma U?
More personal learning
Rich cross-cultural advantages
Impact-focused experiences
