Brampton | Sault Ste. Marie | Timmins

Acknowledgement of Traditional Territories

Algoma University respectfully acknowledges that its three campuses are located on the inherent and treaty lands of First Nations and within traditional lands of Indigenous peoples. For thousands of years, Indigenous peoples inhabited and cared for this land, and continue to do so today.

The Sault Ste. Marie campus is located in an area known as Baawaating on sacred lands set aside for education as envisioned by Chief Shingwauk for our children and for those as yet unborn. Located in Robinson-Huron Treaty territory, this land is the traditional territory of the Anishinaabek, specifically the Garden River and Batchewana First Nations, as well as Métis People. Sault Ste. Marie is also home to several urban Indigenous peoples.

We also acknowledge that; The Brampton campus is part of the Treaty Lands and Territory of the Mississaugas of the Credit. In particular we acknowledge the territory of the Anishinabeg particularly the, Huron-Wendat, Haudenosaunee and Ojibway/Chippewa peoples; the land that is home to the Métis; and most recently, the territory of the Mississaugas of the Credit First Nation who are direct descendants of the Mississaugas of the Credit.

We also acknowledge that; The Timmins campus is located on Treaty #9 territory, also known as the James Bay Treaty. It is the traditional territory of the Ojibwe/Chippewa, including the Mattagami First Nation, as well as the Mushkegowuk (Cree), Algonquin, and Métis Peoples.

Why Algoma U

GO FURTHER WITH ALGOMA U

At Algoma University, you have the opportunity to go further in your academic journey. Our personalized learning environment, small class sizes, and strong commitment to cross-cultural education enable you to push beyond traditional limits. Whether you're delving into innovative programs, engaging in global study opportunities, or benefiting from the robust support of our campus community, Algoma U is here to help you excel. Here, you can go further, not just in your studies, but in your personal growth and future career success.

UNIQUELY PERSONAL

At Algoma University we offer a unique, personalized learning environment steeped in cross-cultural learning opportunities, deeply rooted in our Special Mission and in the communities we serve.

WE INVEST IN YOU –

your health, mental health and wellbeing. Algoma University offers free tutoring, free mental health care, 24/7 wellness support, housing supports, an emergency relief fund and much more to ensure students are wrapped in caring support.

GLOBAL EXCHANGE OPPORTUNITIES

Our connections with global partners, mean that Algoma U students have access to a world of opportunities, including a wealth of international study experiences.

SMALL CLASS SIZES

In an Algoma U class, learning is personal and professors get to know their students. Studying at Algoma University means being called by your name, not just a student number.

MOST AFFORDABLE TUITION

Algoma U has the most affordable tuition in Ontario.

#2 IN CANADA

Algoma U is ranked second in Canada for scholarships and bursaries according to Maclean's magazine.

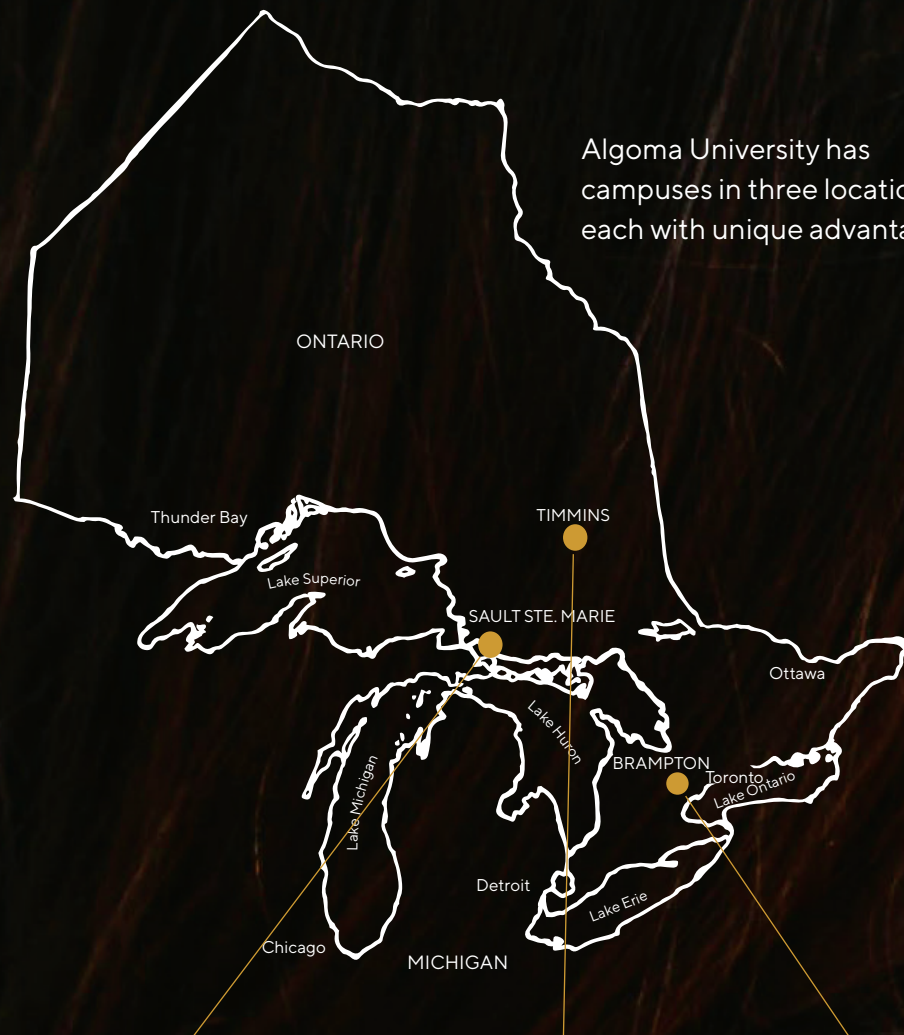

AFFORDABLE TUITION

Algoma University has the most affordable tuition in Ontario, and is ranked second in Canada for scholarships and bursaries according to Maclean's magazine.

Diverse campuses

Algoma University has campuses in three locations, each with unique advantages.

Brampton – algomau.ca/brampton

Attending university in Brampton offers students a dynamic urban experience in one of Canada’s fastest-growing cities. Located in the heart of the Greater Toronto Area, Brampton provides unparalleled access to a diverse cultural scene, with over 1,500 businesses, restaurants, and entertainment options right at your doorstep. Algoma University’s Brampton campus is integrated into this vibrant city, allowing students to seamlessly blend academic life with the excitement of urban living. With cutting-edge facilities, strong connections to local industries, and a thriving Innovation District, students have access to unique learning opportunities and career pathways. Brampton’s multicultural environment, coupled with a supportive academic community, ensures a rich, engaging, and career-focused university experience.

Sault Ste. Marie – algomau.ca/ssm

Choosing to attend university in Sault Ste. Marie offers a special blend of academic excellence and natural beauty. Nestled between the Great Lakes, this vibrant Northern Ontario city provides a serene and picturesque environment, perfect for focused study and personal growth. Beyond the classroom, students enjoy a tight-knit community, access to year-round outdoor adventures like hiking, skiing, and boating, and the convenience of urban amenities. The Algoma University campus is equipped with cutting-edge facilities, including innovation hubs and athletic centres, fostering both academic success and a healthy, balanced lifestyle. Studying in Sault Ste. Marie means experiencing a unique, supportive atmosphere where education and nature coexist, creating a well-rounded and enriching university experience.

Timmins – algomau.ca/timmins

Nestled along the scenic Mattagami River in Northeastern Ontario, the Timmins campus offers a unique educational experience tailored to the needs of students in the region. Located on the Northern College of Applied Arts and Technology campus, this setting provides diploma-to-degree and university transfer students with opportunities to accelerate their paths to successful careers. The blended-learning programming is designed with a northern context in mind, making it ideal for those living and working in Northern Ontario who seek to further their education while staying connected to their community.

On Campus Residence Experience

Sault Ste. Marie Campus

At our Sault Ste. Marie campus, residences are centrally located, just a two-minute walk from classes, labs, and key facilities. All residences offer high-speed internet, local phone service, laundry, mail facilities, and are wheelchair accessible with 24-hour surveillance. Staffed with Residence Advisors, they also include weekly cleaning for bathrooms and common areas.

OFF-CAMPUS HOUSING

Algoma U Sault Ste. Marie is located in the heart of a residential area and on the bus route that connects the entire city! Students living off-campus can be assured that you're never more than a 20-minute drive from campus! Students at this campus have access to rental search support and off-campus housing options such as Places4Students.

Algoma U Brampton is located in the heart of downtown Brampton behind the Go Station – connecting students throughout the entire GTA. Students at this campus have access to rental search support and off-campus housing options such as Places4Students and Urban Abode.

COMING SOON Algoma University Residence - Brampton

Located at Park Street and Nelson Street West, a short walk to Algoma University classrooms, the Algoma U student residence in Brampton will include between 500 and 600 beds in a mix of single and double bedrooms in four- to six-bed suites. Each suite will include two bathrooms, a kitchen and living space. The student residence will be designed to be a decolonized and Indigenized space in keeping with Algoma University's Special Mission, which fosters cross-cultural education between Indigenous and non-Indigenous communities.

Career & Experiential Education

Today's job market changes very quickly. Career & Experiential Education (CEE) engages students in hands-on experiences that connect theory to practice and builds transferable skills highly sought after by employers, helping connect you with your future career! The Experiential Learning (EL) Hub is your place to learn about experiential learning opportunities at Algoma University. The following programs are run through the EL Hub and are available to all students regardless of program of study:

CO-OPERATIVE EDUCATION

Algoma University's Co-op programs seamlessly integrate undergraduate academic studies with valuable paid work experience. Co-op provides students with meaningful, paid work experience, networking capabilities, skill-building opportunities, and a chance to develop competencies that will set them apart in today's competitive job market. Algoma University offers a Bachelor of Computer Science, Co-op degree and a Co-op certificate is available in most academic programs to complement your degree.

"I chose to do co-op as it seemed like a good opportunity to get real-world work experience while I was still in school. My co-op work terms have allowed me to apply what I have learned in the classroom in a professional setting and has given me new perspectives on best management and organizational practices that I can bring back to the classroom."

Borden, Bachelor of Business Administration

ACADEMIC INTERNSHIPS

Algoma University's internship courses are designed to help students connect their academic studies with hands-on experience. Students will gain invaluable experience by applying their academic knowledge and critical thinking skills in a work environment and will receive academic credit after completing the internship course. Algoma University has both domestic and international internships available.

CAREER LINK

Career Link is a co-curricular certificate program designed to equip students with the essential tools for a successful career upon graduation. Open to all students, this transformative program aims to help individuals discover their unique career paths, develop valuable career skills, and build networking connections.

WORKING ON CAMPUS

Many Algoma University students gain valuable experience working on campus. Build your skills by joining a plant and animal research study, plan and organize a university event, assist the recruitment team to bring new students to campus and so much more.

QUESTIONS?

STUDY ONLINE OR IN-PERSON AT OUR SAULT STE. MARIE OR BRAMPTON CAMPUSES

Students who already hold a degree or diploma in a discipline other than computer science may be able to earn a Bachelor of Computer Science (General) or a Bachelor of Science in Computer Science (General) in as little as 12 months, depending upon their previous credentials.

Additional Information: Students who complete the accelerated program can continue on to the fourth year of the program and earn a four-year honours degree. It is recommended that you speak to your faculty advisors early about this, so that you can properly plan your course progression in advance. Unsure if you're admissible? Reach out to an Enrollment Specialist!

collegeoutreach@algomau.ca

Program Highlights

In the accelerated program, students will learn:

- Software development – students learn Java, C++, C, and Scripting
- Android and IOS programming
- Data structures and programming
- Database programming – database design, SQL, Oracle, and Access
- Assembly language programming
- Operating systems – I/O, file management, process and scheduling on Unix, and Windows
- Networking – IPs, packets, general ISO structure of networks – applied/practical networks – installing software, managing mail, and more
- Data science with Python

Graduate Programs

New to our Programming!

Algoma University now offers Graduate degree programs at the Master's level in Computer Science, Biology and Social Work.

MASTER OF COMPUTER SCIENCE

A one-year (three-semester) course-based Master's Program designed for Bachelor degree graduates in computer science, information technology and related areas. This program is being offered both in Sault Ste. Marie and Brampton in two yearly intakes, fall and winter. To learn more about the program and admission requirements, scan the QR code to visit our website.

MASTER OF SCIENCE IN BIOLOGY

This research thesis-based program, offered over two-academic years, is designed for graduates of four-year Honours Bachelor of Science programs in the field of Life Sciences. Admission into this program is competitive and it requires prior research supervision approval from an Algoma University Faculty member. The program is offered at the Sault Ste. Marie campus each fall.

MASTER OF SOCIAL WORK (Coming Soon)

The MSW program has a strong and critical anti-oppressive, social justice, anti-racist approach, which is a social work area that is currently very active and has enormous potential in many social work sectors locally and internationally. The majority of our courses will strengthen students' critical skills to work on experiential learning projects, where students will participate, reflect, conceptualize and apply knowledge in hands-on activities organized in conjunction with local school, government organizations, and non-governmental organizations.

Our Thunderbird Symbol

The Thunderbird represents the inspiring heart of the Algoma University brand. Its thunder, lightning and rain cleanses and gives power to the earth and its people.

Adopted in the early 1970s from the pictographs within the Agawa Bay region of Lake Superior, it symbolizes our collective hope as we emerge from a dark past into a brighter future for all – learning from and with each other.
