

# Vani (BRAMPTON CAMPUS)

## Candidate for: Student Governor (AUSU)

### Motivation

“If I commit to something, I do not breathe until it is done. I think about it constantly, ensuring every decision I make leads to positive change.”

I am deeply passionate about student advocacy and institutional governance, which is why I am eager to serve as a Student Governor on the Board of Governors. As a board member of the Algoma University Students’ Union (AUSU), I have worked tirelessly to ensure that student voices are heard and real change is made. Those who elected me placed their trust in my leadership, and I have honored that trust by working with integrity, accountability, and a student-first mindset.

My motivation stems from a desire to not only represent students but to actively contribute to shaping policies that foster a thriving academic and social environment at Algoma University.

### Unique Perspective

What sets me apart is my experience in governance, policy development, and advocacy and my experience at Algoma.

I am deeply rooted to Algoma University since work here, I study here, and I have founded a society from scratch here. Algoma has shaped me for who I am right now and I will always contribute to it as much as I can and as best as I can.

In addition to that, as a member of the AUSU Policy Review Committee, I have worked to refine and improve policies that directly impact students, ensuring that they are fair, progressive, and aligned with student needs.

Also, my role as a Constituency Commissioner for the Canadian Federation of Students (CFS) Ontario has strengthened my ability to analyze policies, engage in strategic decision-making, and collaborate with diverse stakeholders.

### Contribution

As a member of the Board of Governors, my role will be to bring forward student concerns while ensuring that every decision is made with the best interests of the institution as a whole. I will approach discussions with an open mind, ensuring that student perspectives are represented, but also recognizing that governance decisions must balance multiple priorities.

I understand that being a Governor means thinking beyond individual interests and taking a strategic, big-picture approach to decision-making. My commitment is to contribute thoughtfully, ensuring that policies and initiatives support not just students, but the long-term growth, stability, and success of Algoma University..
